

FAQs

When will absentee ballots be available for voting?

Absentee ballots are available 60 days prior to a statewide general election, 30 days prior to all municipal elections, and 50 days prior to a statewide primary and any other type of election.

What is the absentee ballot request and return deadline?

The request must be received by 5:00 p.m., the last Tuesday before the election. The voter must return the voted ballot by 5:00 p.m. on the day before the election in order for it to be counted.

Do I get extra time if I mail the voted ballot?

Yes, provided that the ballot is postmarked by Election Day and received by the county board of elections no later than three (3) days following the election.

Can anyone return the ballot for me?

If returned in person, only the voter or a near relative may return an absentee ballot to the county board of elections.

May I automatically be sent an absentee ballot for all elections for which I am eligible?

Voters must request an absentee ballot for each specific election. However, if a voter has a sickness or physical disability that is expected to last the remainder of a calendar year, after initially requesting an absentee ballot, the voter may use the application on the back of the container-return envelope that is sent as part of the balloting materials, to request that absentee balloting materials be sent automatically for the duration of the calendar year.

What are the requirements for ensuring that my ballot will be approved?

To be approved by a county board of elections, your ballot must be returned by the ballot return deadline and both the voter and a witness must sign the application on the back of the container-return envelope.

May I fax or email my request?

Yes, you may fax or email your signed request. If you plan to email your request, please be sure that you scan the signed request first. Civilian absentee voters may not return a voted ballot by fax or email.

Are there special voting privileges for military or overseas voters?

Yes. Please visit www.fvap.gov for information on absentee voting for military and overseas voters.

I have Power of Attorney for a voter, may I vote their ballot.

No. Power of Attorney does not automatically give you permission to vote another's ballot. Please contact the voter's county board of elections if you have questions.

Absentee Voting in North Carolina

North Carolina voters who want to vote before Election Day, have two convenient alternatives for voting:

- Absentee Voting By Mail
- One-stop Absentee Voting (Early Voting)

Absentee Voting By Mail

Voters can have their ballot sent to them by mail. Any North Carolina registered voter, or that voter's near relative* or verifiable legal guardian may request a no-excuse absentee ballot by mail. To request an absentee ballot by mail, send a signed written request to the county board of elections of the county in which the voter resides. The county board of elections must receive the absentee ballot request no later than 5:00 p.m. on the last Tuesday before the election.

Please be sure to let the county board know if you have moved, changed your name, or need to update any other information. If registered and qualified for the election, an absentee application and ballot will be mailed to the voter after the receipt of the signed written request.

* A near relative is a: spouse, brother, sister, parent, grandparent, child, grandchild, mother-in-law, father-in-law, daughter-in-law, son-in-law, stepparent, or stepchild.

- ❷ Your Name
- ❸ Your Date of Birth

One-stop Absentee Voting

North Carolina voters may also choose to vote in person using One-stop Absentee Voting - or "Early Voting." One-stop voting begins the third Thursday before any election that permits absentee voting and ends the Saturday prior to Election Day. Most elections, except for some municipal elections, permit absentee voting. Voters should check with their county board of elections for details on whether an election will allow absentee voting.

If absentee voting is allowed, one-stop voting is conducted at the county board office or a site alternative to the county board office. In larger elections, such as statewide primaries or general elections, many county boards will establish additional one-stop voting sites.

In North Carolina, a non-registered person can register to vote for the first time and vote at one-stop sites. In order to register, one-stop registrants are required to present ID* that show the person's name and current address in the county. One-stop registrants are only permitted to vote during the one-stop voting period; they may not register at one-stop and then expect to vote on Election Day.

* See back for permissible ID.
